

Hydrogen Sensor Automatic Calibration

This is a device to calibrate and revise hydrogen sensor automatically.

Model	QRHSAC-601
Flow	MFC
Control	Touch controller
Sample Installation	1 ea
Power Supply	Accuracy
Operation	Automatic control by computer
Recorder	Automatic
Dimension (mm)	700 × 850 × 1 200

Exhaust Gas Simulation Tester

This is a tester for exhaust gas of car.

Model	QREGFD-601
Max. Temperature	800 °C
Measurement	Temperature, flow
Control	Digital controller
Power Supply	Accuracy
Operation	Automatic control
Dimension (mm)	1 400 × 1 100 × 1 300
Power	1P, AC 220V, 60 Hz

Water Level Sensor Inspector

This is a device to inspect water level sensor in car.

Model	QRWLS-601
Control Motor	Servo motor 1ea
Control	Touch controller 15"
Measurement	Voltage, current
Power Supply	12V, 10A
Operation	Automatic control by computer
Recorder	Automatic
Dimension (mm)	900 × 850 × 1 200
